## The Property

3+ acres of Central Greens  
Lakeside Boardwalk  
80% Green Cover

Our Homes at **Pursuit of a Radical Rhapsody** are located in one of the most stunning landscapes in Whitefield.

Nature is abundant in the community with mature native trees and hundreds of new ones. These natural features allow our Homes to embrace nature just the way we always design them to.

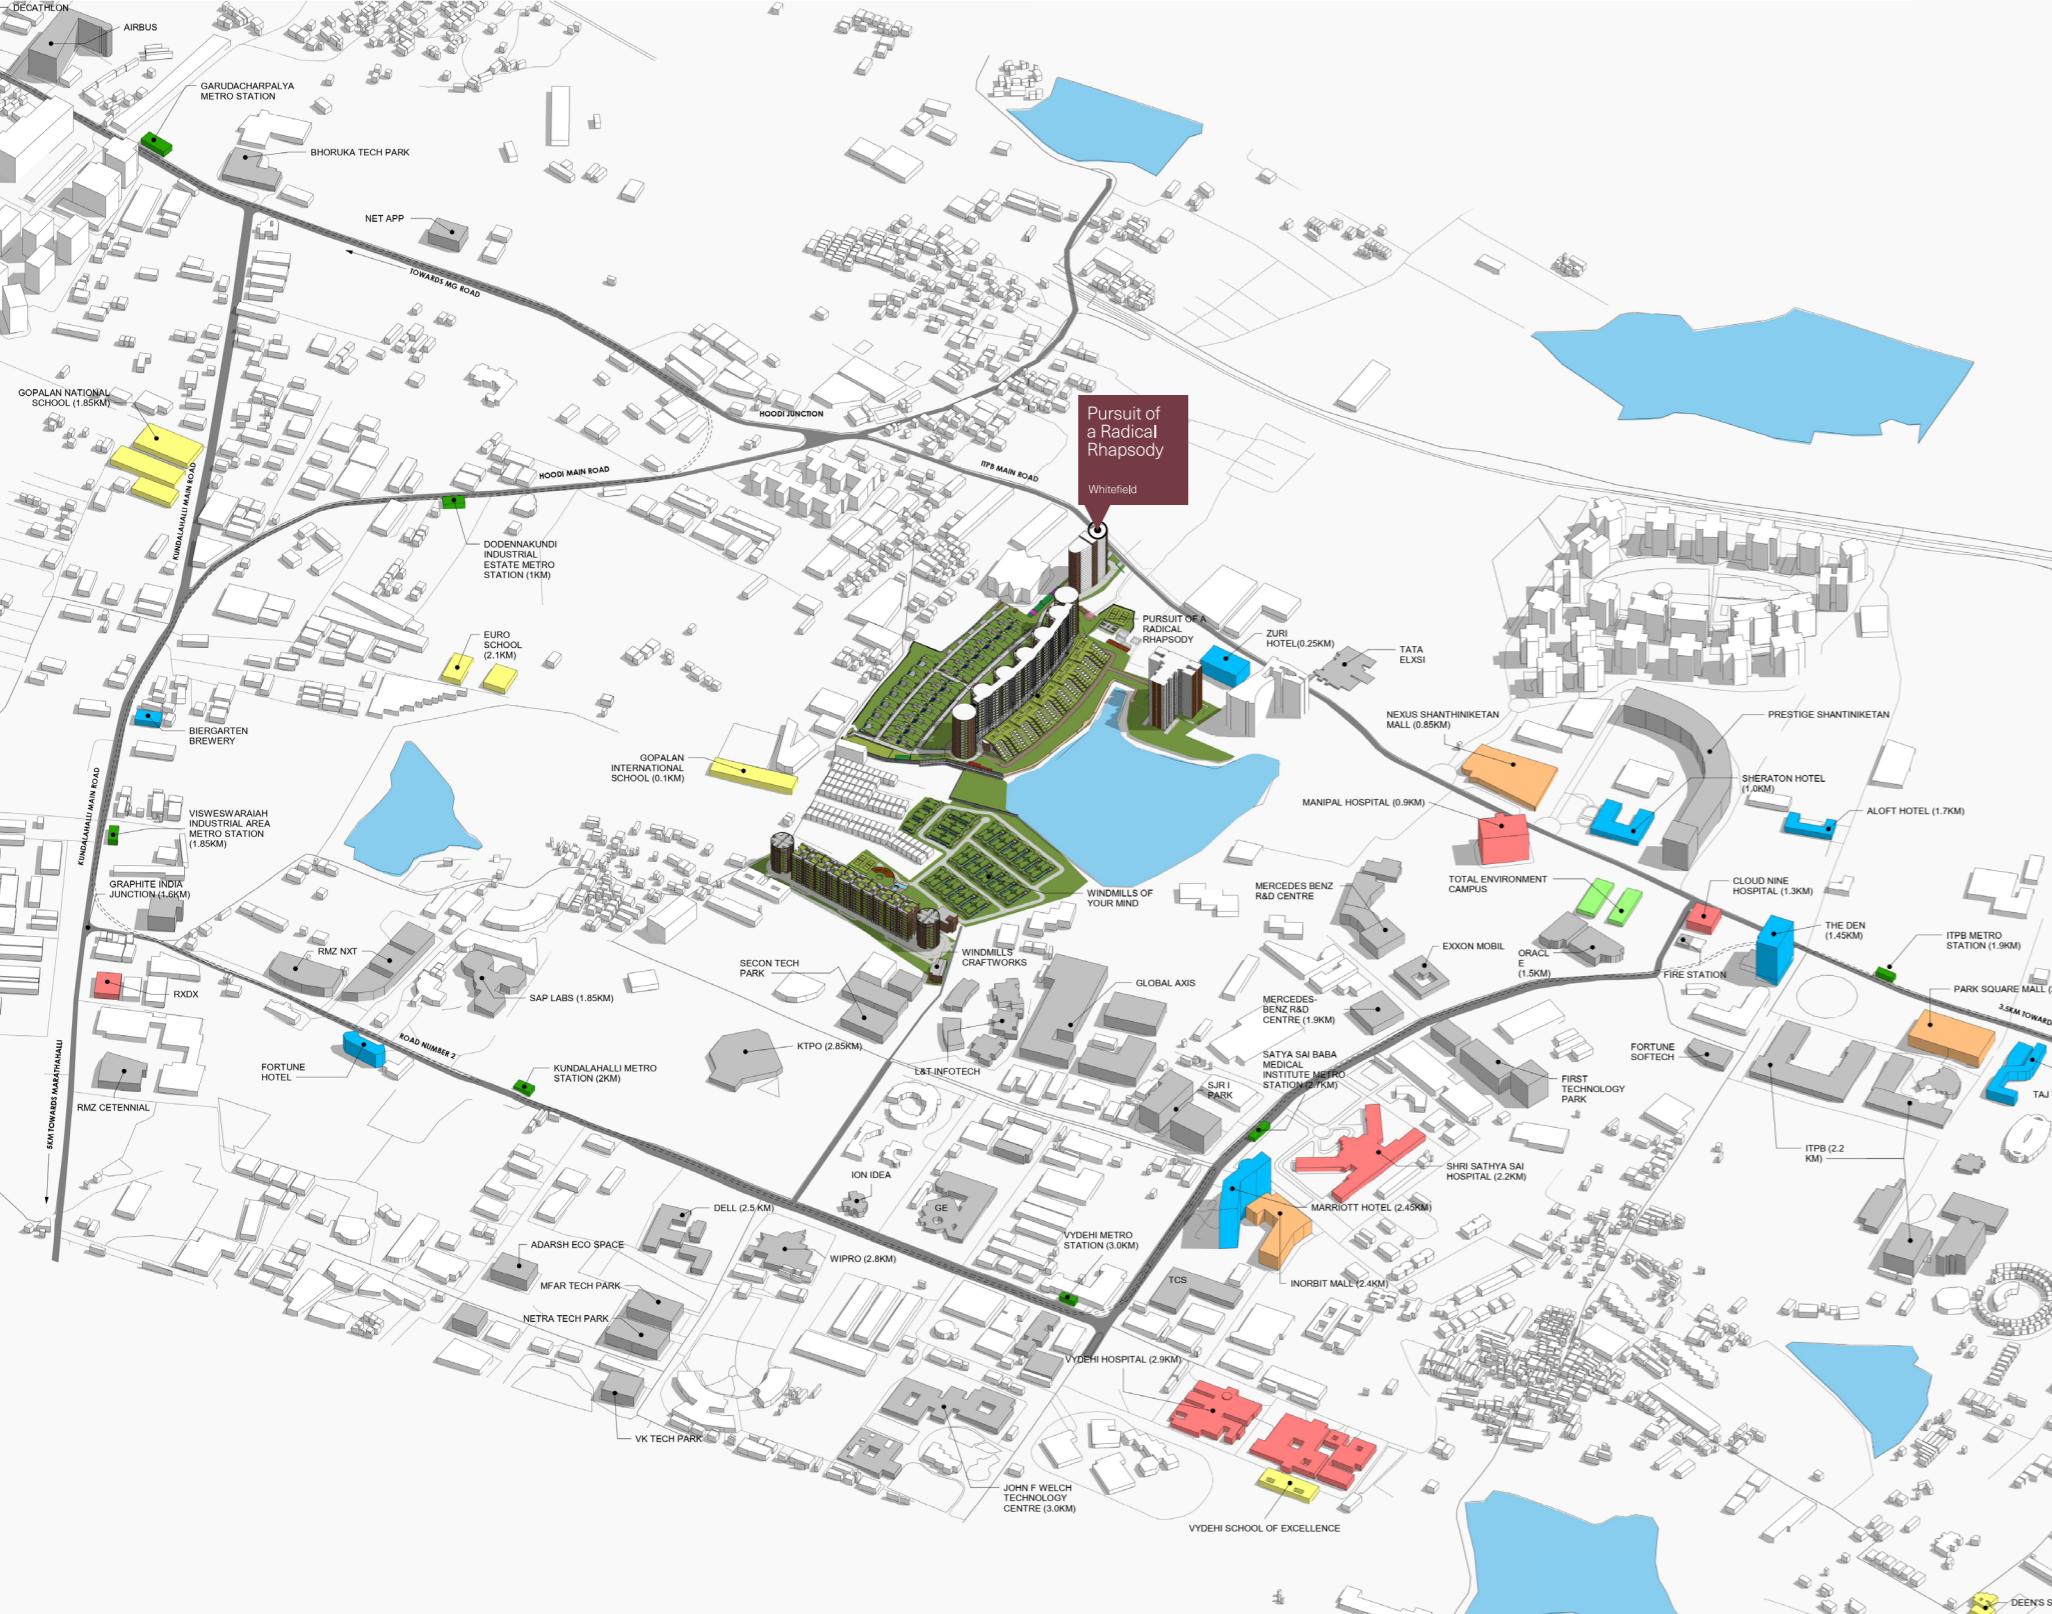

With several hundred trees in the property, earth-sheltered roofs for the villas, and terrace gardens with every home, we do expect the microclimate within the project to be better than the outside.

The project includes larger lake facing L30 3 bedroom apartments and our very special L45 4 bedroom apartments, with open-to-the-sky gardens, that step back from the lake.

## The Location

- Located on ITPL Main Road
- Adjacent to the upcoming Metro Station
- 5-minute drive to schools, malls, hotels and hospitals
- Quick access to ITPB and other tech parks

The property is located at the edge of a small lake in Whitefield - the IT hub of India's Silicon Valley. It is in the vicinity of the best international schools, hospitals, malls and 5 star hotels, and a 3 minute walk from Nexus Shantiniketan Mall, the Sheraton Hotel and Manipal Hospital. Whitefield's urbane culture and lifestyle have made it home to well-travelled professionals.

**Location Map**

Against the backdrop of Bangalore's glorious weather, this burgeoning suburb is one of the best investment destinations in India.

## Project Overview

## Green Roofs

Green experience  
Under a blanket of earth  
Breathe in Nature

Each earth sheltered home comes with a green roof that helps replace the green cover that existed earlier. The green roof keeps the interiors just a little cooler in summer and warmer in winter, reduces rain water run-off during the monsoon, improves air quality, promotes a natural habitat and bio-diversity, and is, of course, aesthetically pleasing.
